

Day Training

FOR PUPPIES

What's Day Training Like?

Day Training programs are made up of four components:

- **Tutoring.** Leighann works directly with your puppy--introducing basic obedience skills and providing a big dose of mental exercise. These sessions are roughly 30 minutes and take place in your home.
- **Socialization Field Trips.** Leighann takes your puppy to pet-friendly stores to experience new things and practice skills in the real world. These sessions are roughly 75 minutes including transport to the location.
- **Coaching.** This is where Leighann shows you how to practice and implement what she started. These sessions are 30-60 minutes and happen in and around your home.
- **Follow-Up.** These 30 minute sessions ensure your dog stays on track in the weeks and months following your program.

What to Expect

Day Training is meant to:

- ✓ **Quickly introduce basic obedience**
I can train your puppy faster than I can teach you how to train your puppy.
- ✓ **Minimize the struggle**
Practice is easier when a pro has worked out the kinks for you.
- ✓ **Support puppy socialization**
Critical socialization outings don't have to get lost in the shuffle.

Day Training does not:

- ✗ **Complete your puppy's education**
Your puppy will know more, but he won't know it all. Good habits take months to establish.
- ✗ **Eliminate owner-initiated Prevention and Practice**
Good behavior is a team sport and puppies need a lot of help to get it right.
- ✗ **Create 24/7 maturity**
Youth doesn't keep pups from learning, but it does keep them from behaving like adult dogs all the time.
- ✗ **Alter your puppy's genetics or temperament**
Training might look like magic, but it can't turn Border Collies into Bulldogs.

Curriculum

Most puppies work on these Basic Obedience skills:

- Eye Contact/Attention
- Down
- Place
- Touch
- Recall/Formal Come
- Walking on leash without pulling
- Listening around distractions

Families also receive support on Life Skill topics during Day Training:

- Potty training
- Biting
- Chewing
- Constructive play
- Jumping
- Car rides
- Crate training
- Wearing equipment (harness, collar, leash)

Day Training is puppy-driven so Leighann adjust the content and pace of training based on YOUR puppy's needs.

Communication

With text, photo and video updates, you're never in the dark about how your puppy is doing on his Tutoring and Field Trip days.

Progress and Guarantees

All puppies complete their program a work in progress and need on-going owner involvement to grow into well-behaved adult dogs.

How much progress your puppy makes depends on his age, genetics/breed, temperament, underlying issues, behavior and your goals.

Leighann's professional certification prohibits her from making any guarantees as to behavior or results.

Owner Involvement

On Tutoring and Field Trip Days: ensure your puppy is rested prior to Leighann's arrival. She may request you have supplies, a portion of his lunch, or equipment laid out.

Owner Involvement, cont

On Coaching Days: Leighann recommends all adults in the home participate. Depending on material being covered, the first 10-15 minutes of the session may be tailored for children to participate.

On Off Days: Leighann will have Prevention and Practice instructions for you to keep your puppy on track.

Upon Program completion: You can expect to perform daily Prevention and Practice with your puppy for the next 12-24 months as he physically matures and his new skills become habits.

Schedule and Cost

Most clients can expect something like this, but the schedule and structure may be altered to meet your needs.

Week 0

Initial Consultation + Meet and Greet

Week 1

3 Tutoring sessions + 1 Coaching session

Weeks 2-4

2 Tutoring sessions + 1 Socialization Field Trip + 1 Coaching session/week

Weeks 5 & 6

1 Follow-up session/week

Cost is \$1865. Any alterations are provided following the Initial Consultation.

Tutoring and Socialization Field Trips typically happen on Monday, Wednesday and Friday mornings. You do not need to be home.

Coaching and Follow-Up sessions are usually offered Thursdays and Saturdays.
